Use Case Descriptions

Overview: Use Case Model

The following table lists the use cases by their granularity level:

Summary level	User-goal level	Sub-function level
Borrow Library Books (User)		
	Check-out Books (User)	
	Check Status of Book Loans (User)	
	Check Availability of Book (User)	
	Put Hold on Book (User)	
	Recall Books (Department/University)	
	Return Books (Returner)	
	Report Lost Book (Librarian)	
		Identify User (User)
		Register Book (User)
		Search For Book (User)
